KB HOME RANKS IN TOP THREE IN CUSTOMER SATISFACTION IN JACKSONVILLE ACCORDING TO J.D. POWER AND ASSOCIATES STUDY

JACKSONVILLE, Fla. (Sept. 10, 2008) – KB Home (NYSE: KBH), one of the nation’s premier homebuilders, announced it ranked second in customer satisfaction among homebuyers in Jacksonville, according to the J.D. Power and Associates 2008 New Home Builder Customer Satisfaction StudySM released today. Of the nine factors that drive overall customer satisfaction, KB Home performed particularly well in construction manager category.

Along with Jacksonville, KB Home’s Houston and San Diego divisions ranked in the top three in their respective markets. The independent nationwide study is based on responses from 50,837 buyers of newly constructed homes in 33 of the largest homebuilding markets in the U.S. who have lived in their homes from four to 18 months.

“The J.D. Power and Associates ranking is a direct result of our dedication to customer satisfaction and quality,” said Wayne Janzik, president of KB Home’s Jacksonville division. “This commitment drives our business and is reflected in every home we build.”

Other factors that drive overall customer satisfaction include: builder’s warranty/customer service, builder’s sales staff, home readiness, price and value, workmanship and materials, location, recreational facilities, and design center.

KB Home is committed to providing customers with the highest level of satisfaction in every aspect of their Built to Order™ home buying experience. Every new home comes with a 10-Year Limited Warranty. This commitment to quality and customer satisfaction complements KB Home’s participation in the NAHB Research Center’s National Housing Quality (NHQ) program, under which KB Home was the first large national homebuilder to achieve certification and the first to commit to working with certified subcontractors.

The company’s “100% Complete, 100% Satisfied” program represents the rigorous standards of customer satisfaction practiced throughout the company. The program ensures that every home is delivered one hundred percent complete and on time.
