KB HOME BECOMES FIRST BUILDER IN DALLAS-FORT WORTH AWARDED NHQ CERTIFICATION FOR EXCEPTIONAL QUALITY AND CUSTOMER SATISFACTION

Landmark NHQ Certified Builder Program Provides Third-Party Certification That Focuses on Customer Satisfaction

November 29, 2005, Upper Marlboro, Md. —The NAHB Research Center today announced the National Housing Quality (NHQ) Certification of KB Home's Dallas-Fort Worth division. The Dallas-Fort Worth division of the national home builder earned the designation following a rigorous NAHB Research Center audit of the implementation of their quality assurance systems. KB Home's Dallas-Fort Worth division is the second of only two NHQ certified builders in the state of Texas, joining the elite group of builders across the nation who have successfully completed the distinguished NHQ Certified Builder program since its launch in early 2005. Additional KB Home divisions participating in the program are working toward certification by the end of the year.

Formally launched at the 2005 International Builders' Show, the NHQ Certified Builder program is designed to increase efficiency and consistency in building practices. The program provides a rigorous and complete review of a builder's business practices, and ensures that all elements of the company's quality assurance system are incorporated to provide greater customer satisfaction. To achieve certification, KB Home's Dallas-Fort Worth division conducted field and office training to implement their quality program, work more efficiently with their trade contractors, and maintain the continuous improvement efforts required by all NHQ Programs.

NAHB Research Center president Michael Luzier said, “I am excited about how the NHQ Certified Builder program is developing and would like to thank KB Home’s Dallas-Fort Worth division for taking part in it. They are industry leaders whose partnership continues to be a vital part of program development and the evolution of quality assurance in home building. I am confident that the implementation of this landmark program will bring about greater efficiencies for participating builders and even higher rates of customer satisfaction.”

KB Home – Committed to Quality Construction and Satisfied Customers

KB Home’s Dallas-Fort Worth division delivered more than 1350 homes throughout the metro area in 2005. Even with such impressive production numbers, KB Home is not only focused on building homes; customer service excellence is a top priority for the company. In fact, in 2004, homebuyers nationwide gave their seal of approval by rating their satisfaction with KB Home’s customer service at more than 97 percent.

“KB Home’s unparalleled focus on superior customer service for our homebuyers throughout all phases of the process is the cornerstone of our commitment to quality,” said Joe Reese, KB Home’s Dallas-Fort Worth division president. “KB Home is leading the way amongst home builders in Texas pursuing certification and we’re proud to hold the distinction of being the first NHQ Certified Builder in Dallas-Fort Worth.”

KB Home has been a pioneer in quality assurance in the home building industry. In November 2003, KB Home Chairman and CEO Bruce Karatz announced that the company would become the first large builder in the country to implement the NHQ Certified Trade Contractor program nationwide. This partnership will serve to provide greater efficiency, consistency, and effectiveness to the benefit of KB Home’s customers. As a result of program implementation, all of KB Home’s trade partners will be required to complete quality assurance management training, and are on their way towards achieving NHQ certification.

About the National Housing Quality Program: The NAHB Research Center launched the NHQ Program in 1993. The NHQ Program has introduced many of the concepts of the worldwide quality revolution to home building and remodeling, and provides numerous opportunities for collaboration among the various industry stakeholders. NHQ activities include the Certified Builder Program, Certified Trade Contractor Program, Manufacturer Training Certification program, and co-sponsorship of the National Housing Quality Award Program. Builders interested in starting on the path to quality certification can visit www.nahbrc.org/quality, email quality@nahbrc.org, or call Rita Knab, NHQ program coordinator, at (800) 638-8556, ext. 6225.
